

ISO² PANEL WARRANTY STATEMENT

PIRMAX PTY LTD ISO² Panels are conditionally warranted for a period of **10 years**, or **15 years** for a system installation.

Warranty Limitations

The 15 Year System Warranty requests require the following stipulations :

The system must comprise of the following:

- ◆ **PIRMAX ISO² Panels**
- ◆ Plastic insulation fasteners (Powers C5 Insulation Fastener or approved alternative*)
- ◆ **PIRMAX/AFC100** (100mm) reinforced self-adhesive tape

The installations must use:

- ◆ 7x Plastic insulation fasteners (Powers C5 Insulation Fastener or approved alternative*) for soffit/ceilings
- ◆ 6 x Plastic insulation fasteners (Powers C5 Insulation Fastener or approved alternative*) for walls

The **PIRMAX/AFC100** (100mm) reinforced self-adhesive tape, must be be correctly applied as per the installation guide.

All other installations that are not installed in accordance the system guide for any reason, can qualify for a 10 year warranty. This is at the discretion of the inspector at the time of inspection.

The warranty request shall not apply if:

- ◆ The **ISO² Panel** is not installed in accordance with the installation instructions
- ◆ The **ISO² Panel** is used in a capacity other than that its intended function
- ◆ If any defects are a result of improper installation, misuse, unauthorised repair, modification, accident, poor handling or storage

All repair or replacement of any faulty panels is at the sole discretion of PIRMAX Pty Ltd.

A precondition of any project warranty certificates that are issued are as follows:

- ◆ The project must be registered with the local distributor or reseller
- ◆ Inspection of the project and the installation must be conducted

To register a project or book an inspection, please contact your local distributor or reseller to organise these warranty requirements, before any project specific warranty certificates can be issued.

Note: As part of the 15 Year System Warranty a 2 Year maintenance period applies for the PIRMAX/AFC100 (100mm) reinforced self-adhesive tape As part of programmed maintenance, please inspect the installation and reapply tape to areas that may need reapplication.*Must be approved by a building certifier prior to installation.
